

Prestige Post-Acute and Rehab Center – Edmonds is located in the heart of Snohomish County, close to Highway 99 and I5. Our highly rated staff has been proudly serving patients in a peaceful, home-like environment since 2016. We deliver quality care that promotes optimum health—including recreational activities, social experiences, and one-on-one attention that we believe is essential to one's well-being and overall health.

What sets us apart:

- Dedicated clinical team to help measure each individual's recovery journey to ensure patients are receiving the right level of care and return home to their active, independent lifestyle.
- Physical, speech and occupational rehabilitation programs combine advanced therapy techniques and equipment to help patients regain a full range of functional abilities.
- Highly rated skilled nursing team works at your pace to help you fully recover and reduce future complications through education and enhanced well-being.
- Peaceful, home-like environment and one-on-one attention.
- Wide variety of on-site amenities, social experiences, and engaging activities.
