

Oregon City Health Care Center located in a quiet, suburban neighborhood in Oregon City, features a secluded courtyard with walking paths for patients to enjoy. Our highly trained staff is committed to working towards each patient's unique goals and providing ongoing, comprehensive evaluations to help strengthen their independence.

What sets us apart:

- Highly trained staff committed to working towards each patient's unique goals and providing ongoing, comprehensive evaluations to help strengthen their independence.
- Partnership with Daiya Healthcare to help patients transition from acute care setting to post-acute care and increase patient access to primary and specialty care.
- Experienced team of medical providers who strive to improve patient experience by creating strong care collaborations including patient assessments and treatment interventions.
- Longevity of nursing staff.
- Wound care services and partnership with United Wound Healing.
- Expert therapy team.
- Tube feeding services.
- Strong infection control policies with positive survey outcomes.
- Group and individualized activities and pet therapy program.
