

LIVING COURT ASSISTED LIVING COMMUNITY

Living Court Assisted Living Community sits in the heart of Enumclaw, Washington and is located approximately 45 miles southeast of Seattle in the foothills of Mount Rainier.

Our Enumclaw senior living community offers our innovative **Celebrations** lifestyle and wellness program, designed to nurture mind, body and spirit, and give our residents the choices and freedom to celebrate life at any age. Unlike nursing homes or facilities of the past that focused primarily on care, we focus on enriching all aspects of our resident's lives.

As your partner in active aging, it is our goal to help you achieve an optimum level of health and wellness throughout all aspects of your life, and to provide you with the opportunities to explore and seek adventure. We also offer our Mind Masters Cognitive Stimulation program, designed to keep the mind sharp with fun, strategic cognitive activities.

Because we value wellness, we proudly offer many enjoyable social opportunities, including ice cream trips, lunch outings, scenic drives, Mother's Day tea and Father's Day BBQs, to name a few. Our community is a place where the residents are truly at home – with delicious homestyle cooking, an ever-changing calendar featuring hometown fun and plenty of community involvement in our delightful small town. It's where friends gather to live their best life.

Call **(360) 825-0280** to schedule a tour.
